Certified Third-Party Risk & Assurance Manager (CTPRAM)

C E R T I F I C A T I O N

Empowering TPRM Leadership Excellence

In an era where third-party relationships are increasingly critical to business success, professionals equipped with advanced TPRM expertise are indispensable. The Certified Third-Party Risk & Assurance Manager (CTPRAM) certification empowers learners with comprehensive competencies needed to lead organisational excellence and drive strategic value creation through sophisticated third-party risk management.

Why Choose CTPRAM?

Master Advanced TPRM Leadership

Develop expertise in crisis leadership, strategic decision-making, and organisational transformation

Lead Strategic TPRM Initiatives

Build competencies in regulatory excellence and competitive advantage creation

Excel in Complex Environments

Navigate multi-jurisdictional compliance and stakeholder management challenges

Advance Career Prospects

Prepare for senior TPRM leadership roles and board positions with recognised credentials

Implement KRIS Methodology

Master the comprehensive 14-stage TPRM lifecycle framework for operational excellence

Drive Organisational Excellence

Create sustainable competitive advantage through sophisticated TPRM capabilities

Who Should Attend?

Third-Party & Vendor Management Teams

Sourcing professionals, vendor managers, and third-party risk specialists seeking comprehensive TPRM expertise

Risk & Compliance Professionals

Enterprise risk managers, compliance officers, and regulatory specialists managing third-party relationships

InfoSec, Cyber & IT Professionals

Information security specialists, cyber risk professionals, IT teams, and resilience specialists managing technology vendor risks

Auditors & Regulators

Internal auditors, external auditors, and regulatory professionals conducting TPRM assessments

Consultants & Advisors

Risk consultants, advisory professionals, and TPRM specialists serving clients across industries

Fresh Graduates & Career Pivots

New professionals entering risk management and experienced professionals transitioning to TPRM roles

For ALL Career Stages - Fresh graduates to C-suite executives

Experiential Learning - Beyond theoretical to hands-on application

The KRIS TPRM Implementation Methodology

The CTPRAM certification is built around the comprehensive KRIS TPRM Implementation Methodology, a systematic 14-stage framework that transforms third-party risk management from reactive vendor management into strategic organisational capability. This proprietary methodology embeds regulatory expectations, industry best practices, and operational insights into each stage of the TPRM lifecycle, ensuring systematic excellence and competitive advantage.

About Us

Kris Konsulting is a boutique risk advisory and training firm dedicated to advancing governance, risk, and compliance (GRC) and audit capabilities. Founded by **Krishnan Viswanathan (Krish)**, we design specialised programmes that blend **academic rigour, practical industry insight, and hands-on application** to deliver measurable impact.

Our **KRIS Certification Suite** includes CAFRAM (Certified Anti-Fraud Risk & Assurance Manager), CERAM (Certified Enterprise Risk & Assurance Manager), and CTPRAM (Certified Third-Party Risk & Assurance Manager). Each programme addresses a critical dimension of modern governance and assurance, whilst collectively building a holistic capability framework.

By integrating **global frameworks** with **real-world application**, we help professionals develop the skills, tools, and confidence to manage risks, protect organisational reputation, and create sustainable value through effective governance.
